## **Our Mission**

*The mission of the Southern Nevada Chapter of the International Code Council is to support its stakeholders in the creation and maintenance of a safe built environment.*

## **Southern Nevada Chapter-International Code Council Toddler Swim Grant Program 2018**

The Southern Nevada Chapter of the International Code Council has approved grants of \$2,500 to local Parks and Recreation Departments of each city and county government in Southern Nevada to provide free swim lessons to toddler 4 years old and younger. The following criteria apply to the award program:

1. The funds must be used first to provide free swim lessons to toddlers 4 years of age and younger. If there are insufficient number of such toddlers to expend the entire \$2,500, then the funds can be used to provide free swim lesson to children of any age. After completion of the swim lessons, any remaining funds can be used for any activity that directly promotes pool safety, such as public education materials on pool safety or public service announcements.
2. Each jurisdiction receiving the grant may determine how best to identify the toddlers and children to receive the free lessons.
3. The grant check will be presented to the appropriate official(s) at a regularly scheduled meeting of the elected representatives of that jurisdiction.
4. At the end of each calendar year, and after all funds have been spent, a letter containing a brief summary of benefit, indicating how many children received free swim lessons and how any remaining funds were utilized, is required to be sent to the Southern Nevada Chapter of the International Code Council.
